ESI Enterprise Meetings™
Premium Virtual Video Conferencing

Meet, Stream & Broadcast *Your* Brand with Premium A.I.-Powered Collaboration Tools

Delivering an unparalleled online meeting and video conferencing experience, crystal clear audio and a powerful suite of collaboration tools let your team get the most from your video meetings, webinars and live streams. Whether your team shares an office or is distributed globally, you can easily communicate as if in the same room. It's time to bid farewell to overpriced video conferencing solutions, and introduce yourself to **ESI Enterprise Meetings™!**

- **Promote Your Brand:** Establish your identity and see your company's logo, colors, icons and branding watermarks occupying premium real estate across the platform

- **All-in-One Digital Suite:** A comprehensive suite of digital tools, designed for both ease of use and necessity, bundled together for scalable application tailored to your preferences.

- **Meet Anywhere on Any Device:** Engage effortlessly with anyone, anywhere, thanks to our universal availability – with dedicated desktop and mobile apps for both iOS and Android.

- **Live Streaming & Recording:** Stream from your virtual meeting space or Teams Messaging app, effortlessly broadcast live to YouTube, that can be either public or private - at no additional cost!

- **Scales As Your Needs Grow:** As your business grows, scale up to accommodate reaching more participants alongside technology that grows.

- **Many Ways to Keep Connected:** Maintain seamless connectivity with your team and clientele across platforms, leveraging instant messaging and SMS alerts, alongside Text Chat capabilities.

- **Recording Transcriptions & AI-Notes:** Wrap-up your meetings with style using the power of A.I. collaboration tools including Transcriptions with, Notes, Annotations, Meta Tags & Sentiments.

- **Reliable Security & Compliance:** You can rest assured with unbeatable privacy and security measures, all the while adhering to HIPAA and GDPR regulations for your peace of mind.

The **ESI Enterprise Meetings™** add-on is available now for all ESI customers. While supported on most browsers, we recommend downloading the desktop app or using Chrome or Edge browsers for the optimal user experience. Ask your ESI Sales Rep for info, or visit www.esi-estech.com/enterprise-meetings.
