

A Crexendo® Company

## International Long Distance Authorization Form

I, \_\_\_\_\_, an authorized representative of  
\_\_\_\_\_ (“Company”), am herein  
authorizing ESI to enable international long distance calling for the Company outside of the  
included Canada (landline and mobile) and Mexico (landline only) country destinations  
specified in the ESI order forms. I acknowledge the Company is solely responsible for paying  
any and all costs associated with calling these destinations.

Also, the Company acknowledges ESI is providing its services over an IP infrastructure.  
Therefore the Company has implemented the proper security measures on its Local Area  
Network (LAN) to protect from hacking and fraudulent calling.

Further, the Company understands that if the Company’s network is maliciously hacked  
resulting in fraudulent calling, it is financially responsible for all associated costs.
